NEW DEAD-LINE: 26 JAN. 1996

Hallo Gallo cartello,

My 191 IQ ripened through countless adventures and far more than 1,000 trips tells me:
We better spend a bit more time on trying to understand each other.

The key-word of Horst Bork during his visit on 22 Nov. was: "Zentrieren" (which means) "concentrate" = Time-Warner and Polygram (after all: Japan?...Neu! 4 is out in Japan) sort out who buys Neu!:

-records
-multimedia
-publishing [* (free:)]
-TV extc.

Could start with:

1. Neu!
2. Neu! 2
3. Neu! 75 *
4. Neu! 4 *
5. *La Dusseldorf* *
6. La Dusseldorf- *Viva* *
7. LaDusseldorf- *Individuellos* *
8. LaDusseldorf- *4* *
9. Thomas Dinger- *Fur Mich* *
10. *Die Engel des Herrn* *
11. Die Engel des Herrn- Live * (as Hippie-Punks)

+ New Releases:

12. Neu! 5 (Live in Tokyo/Osaka) Sept. 1996
13. LaDusseldorf- *5*
14. etc...

plus countless videos, photographs, documents, objects; as well as my diaries since 1 Jan. 1976.

The situation:

"Omerta" or "The Sound of Silence:" no more Horst Bork; Patricia doesn't even "fucks" me a photo; the whole Neu!-hallogallo-Big Life-Steve Hillage-MCA-Chrysalis-XTC affair came to a halt- but listen, this time not everything stands still if it is Time-Warner's will.

The courts go on and Japan goes on...

If you don't lift your '85 boycott, I'll go to Japan and ask for **political asylum** there and launch a big campaign against western business and media fascism. This is absolutely not a "free market;" Herr Bundespresident...I wish you knew.

When I get more copies, I'll send Neu! 4 to some of you and I'll ask Scott Rutherford of Speed Kills/Chicago to send an immaculately printed version to some of you.

cha cha 2000!
